

## Air-flow sensors for K/KE-Jetronic (eXchange)

Illustration with mounted fuel distributor and pressure actuator

**Order Number Bosch  
F 026 TX2 XXX**

continuous extension of assortment

### Features

- essential part of the K/KE-Jetronic
- precise control of fuel amount depending on engine operating state
- optional functions like location determination of the sensor plate with a sensor; the position is forwarded to the control unit

### Customer Benefits

- production & testing with genuine assets
- high reliability through routine production
- customer-friendly & reasonable repairing due to the BOSCH eXchange program
- purchasing via the BOSCH Services

**BOSCH**
